Rotations and Insecticide Resistance

Andy South and Ian Hastings

2017-10-05

Interval 50, migration 0.01

Decrease migration to 0.001

### Rotate when resistant, migration 0.001

Figure 1: Rotation interval 50, migration 0.01

Figure 2: Rotation interval 50, migration 0.001

Figure 3: Rotate when resistant, migration 0.001
